## Ontario Autism Coalition Announces 2023 Board of Directors

The Ontario Autism Coalition (OAC) is pleased to announce the election of its new Board of Directors for 2023. In light of the challenges faced by the autism community in Ontario in the past year, the organization is committed to growing and evolving to better advocate for the needs of the community.

The new Board of Directors is composed of a diverse group of individuals, including parents, allies, self-advocates, and professionals working in the field of autism. This diversity of perspectives will ensure that the organization's efforts are guided by a broad range of experiences and understanding of the challenges faced by the autism community.

The OAC is grateful to the outgoing Board of Directors for their service and dedication to the organization during the past year. Their hard work has helped to put the OAC in a position to continue its mission and to address the ongoing challenges faced by the autism community.

The OAC welcomes the community to join in its mission and encourages them to participate in its initiatives. For more information about the organization and its activities, please visit the website at [www.ontarioautismcoalition.com](http://www.ontarioautismcoalition.com)

We are looking forward to the coming year and the positive change our new board will bring.
