Ontario Autism Coalition Supports Bill 74 The Missing Persons Amendment Act, 2023

TORONTO, ON - The Ontario Autism Coalition (OAC) is proud to announce our support for MPP Monique Taylor's Bill 74, Missing Persons Amendment Act, 2023. This critical legislation seeks to amend the Missing Persons Act, 2018 with respect to vulnerable persons alerts.

This bill is of critical importance to not just the autism community but to all people who are of priority populations that would benefit from this type of assistance should they go missing. Our community knows that every second matters when a loved one goes missing. A timely and comprehensive response can make all the difference in locating a missing loved one.

We commend MPP Monique Taylor for championing this vital piece of legislation and call on all members of the Ontario Legislative Assembly to support Bill 74. Together, we can ensure that vulnerable persons receive the protection and assistance they need in times of crisis.
